

YMCA OF HONG KONG CHRISTIAN COLLEGE
STUDENT ACTIVITIES SUPPORT GRANT
ANNUAL EVALUATION REPORT 2021 – 2022

A. Annual Review for the Student Activities Support Grant

The major achievements during the 2021 – 2022 academic year in relation to the major concerns in the Annual Development Plan were as follows:

Major Concern: To support and enrich student learning experiences by providing different school activities after school.

Due to the COVID-19 pandemic, the number of student activities was limited in the 2021– 2022 academic year. After the allocation of the School-Based After-School Learning & Support Grant (SASLSP) for the needy families on full support, there is still a surplus in the SASLSP. Therefore, the Student Activities Support Grant was not applicable under the pandemic situation.
