STUDENT ACTIVITIES SUPPORT GRANT
ANNUAL EVALUATION REPORT 2020 – 2021

A. Annual Review for the Student Activities Support Grant

The major achievements during the 2020 – 2021 academic year in relation to the major concerns in the Annual Development Plan were as follows:

Major Concern: To support and enrich student learning through providing authentic experiences in different learning activities

Due to the COVID-19 pandemic, the number of student activities was limited in the 2019 – 2020 academic year. After the allocation of the School-Based After-School Learning And Support Grant (SASLSP) for the needy families on full support, we still have surplus in the SASLSP. Therefore, the Student Activities Support Grant is not applicable under the pandemic situation.
