

YMCA OF HONG KONG CHRISTIAN COLLEGE
STUDENT ACTIVITIES SUPPORT GRANT
ANNUAL EVALUATION REPORT 2024 – 2025

A. Annual Review for the Student Activities Support Grant

The major achievements during the 2024 – 2025 academic year in relation to the major concerns in the Annual Development Plan were as follows:

Major Concern: To support and enrich student learning experiences by providing different school activities after school.

After the allocation of the School-Based After-School Learning & Support Grant (SASLSP) for the needy families on full support, the school has already supported most of the expenditure. Therefore, the Student Activities Support Grant was then used to support our students to participate in the Life-Wide Learning Camps and the extra-curricular activities.

B. Manpower

Advisor: Ms. Diana Lo
Fee Remission Coordinator: Ms. Annie Cheng
General staff for administrative work: Ms. Tracy Chan

C. Draft Targets for 2025 – 2026

1. To explore different opportunities to use the funding.
